

Minnesota Paid Leave

Employer Roles & Responsibilities Webinar
October 16, 2024

Why Paid Leave Matters

- Minnesotans take care of each other. In our communities, families, and workplaces, **we step up and help** the people we care about.
- Minnesota Paid Leave will **support people when they need time to care** for themselves and their loved ones.
- Supporting your employees when they need time for leave **builds connections in our families, communities, and workplaces**, and improves employee retention, performance and morale on the job.
- Minnesota Paid Leave will help ensure Minnesotans **don't need to choose between financial stability and being there for their families**.

Minnesota's Paid Leave Program

- The Minnesota Paid Leave law, enacted in May 2023 and updated in May 2024, makes paid family and medical leave coverage available to Minnesota workers **beginning Jan. 1, 2026.**
- The law provides **job protections and partial wage replacement**, paid by the state, to individuals who take leave for a qualifying condition, such as to bond with a new child or for medical care for themselves and their loved ones.
- The Paid Leave program will be **funded by premiums** made up of contributions from employees and employers.

Covered Leave

Medical Leave

Up to 12 weeks

Medical

Leave to care for an individual's own serious medical condition.

Family Leave

Up to 12 weeks

Bonding

Leave to bond with an individual's child during the first 12 months after the child's birth or after the placement of the child through adoption or foster care.

Caring

Leave to care for a family member with a serious health condition.

Safety

Leave because of domestic abuse, sexual assault, or stalking of the individual or individual's family member.

Active Duty

Leave because a family member is on active duty or has been notified of an impending call or order to active duty in the Armed Forces.

Maximum of 20 weeks total leave in a benefit year.

Qualifying conditions must last more than seven days and be certified by a health care provider or designated professional.

Who Paid Leave Covers

| | |
|--|---|
| Covered employers | Nearly all Minnesota employers, regardless of business size or number of employees. |
| Covered employees | Includes full-time, part-time, temporary and most seasonal workers. |
| Who is not required to participate? | Independent contractors and self-employed individuals may opt in. Certain seasonal hospitality employees are excluded. |

Paid Leave Wage Payments

Partial Wage Replacement

- Wage replacement means workers can take the time they need to focus on care and bonding and return to work with improved morale and productivity.
- To support Minnesota workers who need it most, the program is designed to replace wages at a higher percentage for lower income claimants. Eligible individuals can receive up to 90% wage replacement while taking leave up to a maximum value of \$1,337 per week (equal to the statewide average weekly wage).
- To be eligible, employees must have earned at least 5.3% of the statewide average annual wage (\$3,684 in 2023) in the past year.

Paid Leave Job Protection

Job Protections

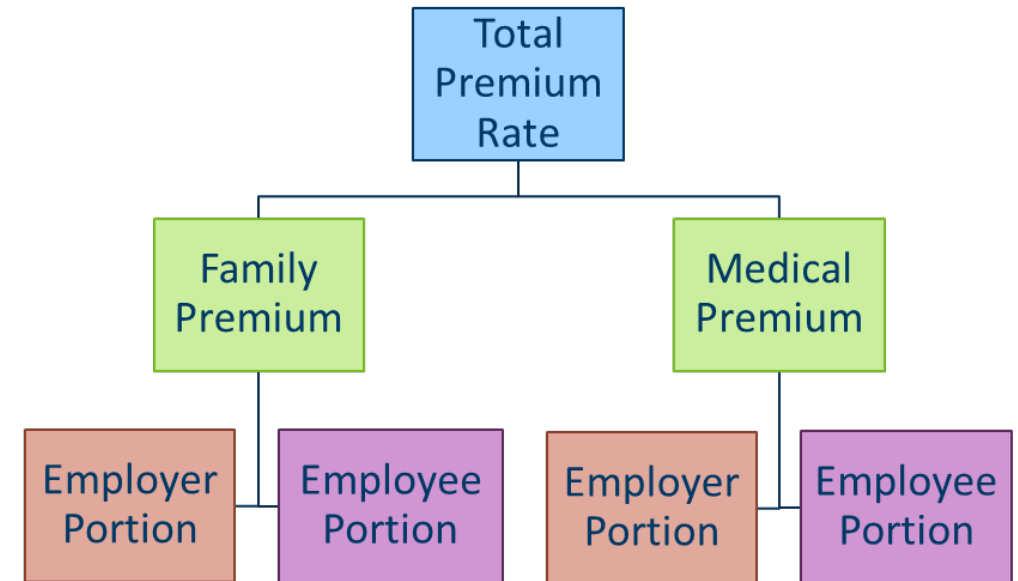

- Job protected leave improves employee retention, as workers can take the time they need to bond and care without having to choose between their job and their family.
- An employee who has taken family or medical leave must be restored to the same position or an equivalent position with the same pay, status, benefits, length of service, and seniority as prior to the date of leave.
- Job protections for employees begin after 90 calendar days from the date of hire.

Funding the Program

Starting January 2026, Paid Leave premiums will be financed through payroll deductions on employee wages and contributions from employers. The first premium is due April 30, 2026.

- Employers can deduct up to 50% of premiums from employee paychecks, starting January 1, 2026.
- Employers with fewer than 30 employees with an average employee wage of less than 150% of the statewide average annual wage are entitled to a reduced premium.

Building Paid Leave: Key Milestones

Employers' Role in Paid Leave

Paid Leave supports your employees when they need it most and strengthens connections in our families, communities, and workplaces. As an employer, you play an important role in helping your employees learn about and access Paid Leave and in building an effective program.

Educate & Inform

- Workforce Posters
- Individual Notifications

Reporting & Premiums

- Register Employer account
- Payroll deduction & premium payment
- Wage Reporting

Leave Administration

- Coordinate other leaves and payments to employees on leave
- Support return to work

Collaborate & Improve

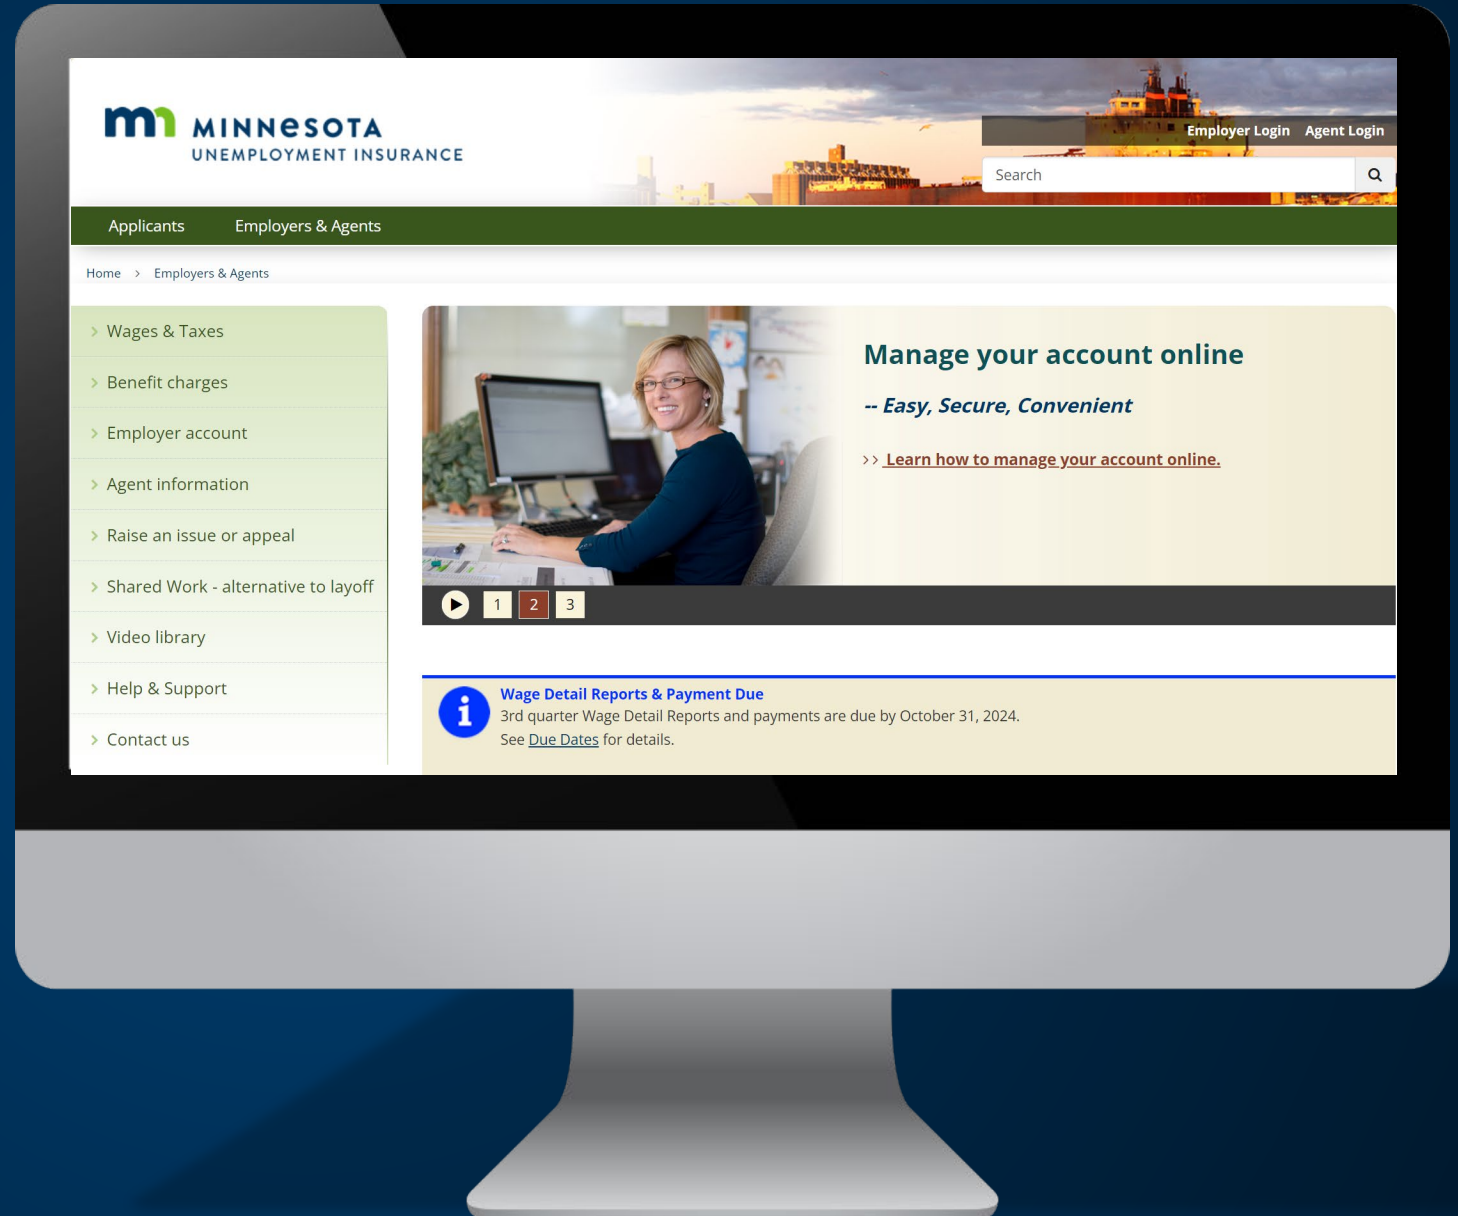

- Collaborating on how to operationalize the law
- Providing input on how to improve over time

Your Paid Leave Employer Account

Paid Leave has partnered with Unemployment Insurance (UI) to use its online portal for collecting wage detail reports starting this month, and premium payments in April 2026.

Already in UI?

If all of an employer's employees are covered by UI, you do not need to take any new action. Your UI account has been converted into a joint UI & Paid Leave Account.

Employers may need to create a Paid Leave Only account if:

You do not have a UI account

Some of your employees are not included
in your UI wage report

Set up a Paid Leave Only account at: uimn.org/employers

Benefit of Joint UI/Paid Leave Accounts

- For most employers, no further action is necessary.
- Just keep reporting wage detail as you have.
- All the processes are the same and file formats are the same.
- If you use a Third-Party Administrator, they will just keep sending us files on your behalf.
- Paid Leave Premiums are not due until April 2026 which will be for wages paid in 2026-1

Paid Leave

Paid Leave is a new program launching for Minnesotans in 2026. It provides paid time off when a serious health condition prevents a worker from working, when they need time to care for a family member or a new child, for certain military-related events or for certain personal safety issues.

Paid Leave benefits will be funded by premiums paid by employers and workers. Paid Leave requires that employers submit a quarterly wage detail report – just like they do for UI – and pay Paid Leave Premiums quarterly – just like they do for UI.

Changes to the UI System and our website

Because the [Paid Leave program](#) requirements for employers are very similar to those of UI, we are leveraging current functionality in the UI system to allow employers to meet their Paid Leave obligations as easily as possible.

Our system will collect wage detail for use by both programs, along with any Paid Leave premiums and UI taxes you have due.

Paid Leave functionality is being rolled out incrementally starting with an employer registration process.

We are making updates to both this website and the UI system to blend UI and Paid Leave language.

- If you use the UI system regularly, you might see a few changes as we add Paid Leave functionality. The changes we are making will not affect current UI functionality or taxes.
- For most processes, like registering a new employer account, assigning an agent or reporting wage detail, the process for employers covered by both UI and Paid Leave are the same.
- Most employment is covered under both UI and Paid Leave but there are a few exceptions.

Getting Started

Since we are leveraging existing UI employer functionality, what you need to do next as an employer depends on your current relationship with UI.

Select the group that best matches your current employee situation:

All employees covered by UI >>
I have employees or will have employees who are all covered by UI.

No employees covered by UI >>
I have employees but they are not covered by UI and will not be covered by UI in the future.

Some employees covered / some not covered by UI >>
Some of my employees are covered by UI and some are not.

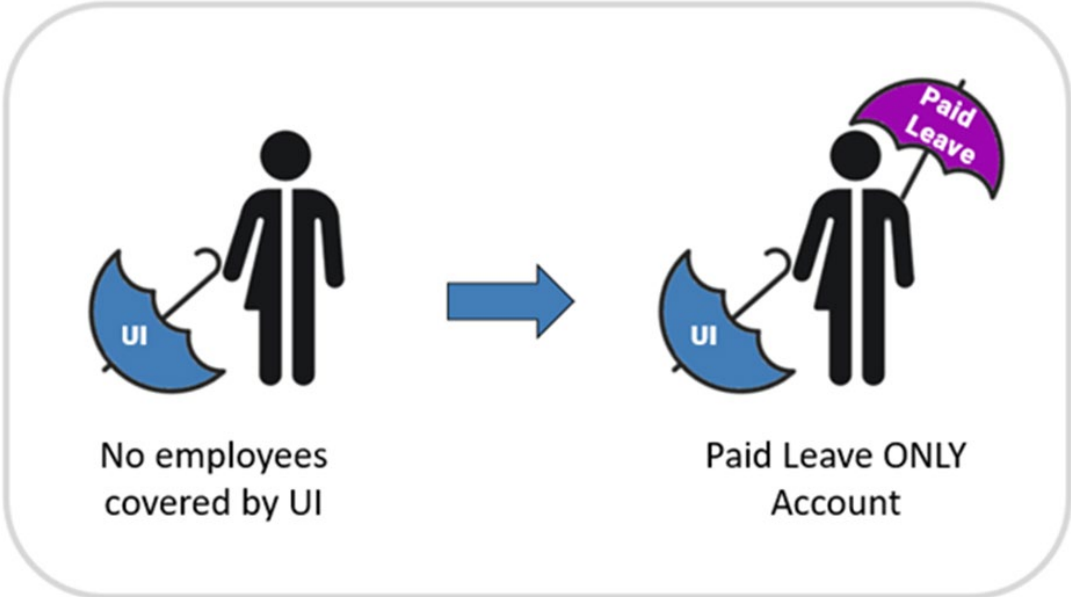

I have questions >>
I am not sure what category I fall in or what program I need to register for.
