

- A 2008 amendment to Minn. Stat. §116J.993 to §116J.995 adjusted the level of what constitutes a business subsidy. The new threshold is \$150,000 for either a grant or loan, and raises the threshold for a public hearing requirement also to \$150,000. However, reports of public financial participation are still required for two year periods under the old threshold levels of between \$25,000 to \$150,000 in grants, and \$75,000 to \$150,000 in loans. (See §116J.993, Section 2, Subdivision 3). Additional non-JOBZ [business subsidy reporting forms](#) are available on the DEED website.
- Please use this form to report on all financial assistance participation entered into during calendar year **2008 through 2023** that fall under the old threshold levels. This form is also used as the second year report to provide the status of the project towards meeting goals stated at Question 20. The information gathered will be used to help the legislative body understand how local units of government participate in economic development activities and where additional state financial resources may be best utilized. No additional reports are required.
