**Public Notice Drinking Water Revolving Fund
Draft 2025 Intended Use Plan and Project Priority List
(Includes Federal IJJA Funds)**

Date: October 18, 2024

To: Local Governments with Drinking Water Projects on the 2025 Project Priority List
Other Interested Parties

The [draft Fiscal Year \(FY\) 2025 Intended Use Plan \(IUP\) and Project Priority List \(PPL\)](#) for the Drinking Water Revolving Fund (DWRf) are now available for public comment.

The IUP, prepared by the Public Facilities Authority, identifies the projects and activities eligible to apply for and receive funds from the DWRf in state fiscal year 2025 (July 1, 2024 to June 30, 2025). Projects must be ranked on the PPL and listed in fundable range on the IUP to be eligible to apply for DWRf funds in FY 2025.

Due to the lack of a 2024 bonding bill with state match for future federal funds beyond this fiscal year the fundable range in the 2025 IUP is limited to carryover projects approved in prior state fiscal years, new emerging contaminant projects and all carryover and new lead service line projects. No new regular project requests are in the fundable range on the 2025 IUP.

The PPL, prepared by the Minnesota Department of Health (MDH), identifies drinking water projects that are potentially eligible to receive financing through the DWRf within the next five years. Projects on the PPL are listed in priority order based on a priority system established in MDH rules. The PPL is included as an appendix to the IUP.

Contact Mary Jane Schultz (651-259-7467) with any questions regarding the draft 2025 IUP and contact Todd Johnson (218-308-2110) with any questions regarding the draft 2025 PPL.

Persons wishing to comment on the draft 2025 PPL or IUP should submit comments by e-mail by November 18, 2024.

Submit comments on the PPL to:
