

## VRS Community Partners Conversations

### Meeting Summary

Meeting Date: 2/1/23

---

### February CP Conversations Summary

It was nice to kick off a new year in partnership with so many of you! The February discussion topic was Customized Employment (CE). We had 49 participants.

### CP Conversations Discussion Topic

VRS's CE Program Specialist, Margie Webb, was our guest speaker and gave an overview of Customized Employment. She described what Minnesota VRS requires of Community Partners in order to provide Customized Employment services. This includes a competency review by VRS and adding Customized Employment services on a Community Partner's P/T Contract.

We had a lot of time for questions and answers. There were questions about how to obtain CE training and about our Competency Review Process. Margie's presentation can be found on the "CP Conversations" tab of the VRS News [webpage](#).

### Next CP Conversation

Join us for March's CP Conversation on Wednesday, March 1, 2023. The discussion topic will be WorkForce 1 Partner Access and the Registration Link is:
