CP Conversations Discussion Topic

VRS Program Specialists Janeen Oien and Jessica Outhwaite led a discussion on WF1 Provider Access. This conversation topic was a follow up from the VRS February 7, 2023 VRS Community Partners + VRS Staff Forum.

We had a lot of time for questions and answers. There were questions about timelines and training plans. Partners also had clarifying questions about the verbal signatures being disconnected.

A recording can be found on the “CP Conversations” tab of the VRS News [webpage](#).
